

SENATOR DECAMP: Mr. President, all I did in my opening remarks...

PRESIDENT: State your point. Do not explain your conduct.

SENATOR DECAMP: Mr. President, if you'll let me talk I will try to...

PRESIDENT: I will not let you talk. You state your point.

SENATOR DECAMP: Mr. President, you just gave a lecture on a point of order that was never ever raised on this floor.

PRESIDENT: Turn him off. Senator Kremer. Senator Murphy asked me a question and I responded. Senator Kremer.

SENATOR KREMER: Mr. Chairman, at this point, I'm speaking in opposition to the Mills' amendment and I'll tell you why. Nebraska really holds the key to the future of this proposed vet. college in that under the present plan as I understand it, the college would be placed here in Lincoln, Nebraska. While attending an Old West Regional Commission meeting in Wyoming along with some of the other state senators, this very issue came into debate and the other states are looking to Nebraska and what Nebraska is going to do and if Nebraska does not support the establishment of a vet. college here in Lincoln, I doubt it if it will succeed. I think the prime issue before us today, is Nebraska willing to go ahead based on the information that we have. For our right to tell the other Governors what they should do or not do I think may be premature at this time. I think we should adopt the resolution as it now is and go ahead for a hearing before a committee and it should be the Ag Committee no doubt and see what the facts are and if we in Nebraska can support the concept of a vet. college. Then let the other states do as they see fit. At the time of the meeting in Wyoming, generally with the exception of maybe one state and that was North Dakota I believe, the other states were willing to go ahead providing that Nebraska was. I think the issue today before us is Nebraska's position on this proposal. For these reasons I oppose the Mills' amendment and I really believe we should hold it in Nebraska for the present time.

PRESIDENT: Senator Marvel.

SENATOR MARVEL: I'd like to ask Senator Mills a question on his motion if I may.

SENATOR MILLS: Yes, Senator Marvel.

SENATOR MARVEL: Does your motion ask that correspondence be sent to all the other Governors of the Old West? Is that right?

SENATOR MILLS: That's correct. My intention is to include them all.

SENATOR MARVEL: Does this forgo the Ag Committee proceeding with its hearing on this particular resolution?

SENATOR MILLS: No, in no way. I don't understand...in no way does it preclude the Ag Committee to have any of its meetings or anything.
